

Read the text and the question. Then tick the correct answer (A, B, C or D).

Monkey madness

A movie filmed by monkeys is to be shown on the BBC. The primates were given monkey-proof cameras. At the same time, they were also given a touch-screen monitor so they could select different types of videos to watch. It seems that they were more interested in making films than watching them. The monkey-made movies probably won't win any Oscars, but researchers hope it will show what sort of things monkeys like to look at.

1. What is the BBC going to show?

- A) A movie about monkeys. _____
- B) A film made by monkeys. _____
- C) A film about monkeys making a movie. _____
- D) The films which monkeys like to watch. _____
